

Musical Evening

Vegans are members of the International vegetarian union which works against the killing and showing cruelty to animals. The word "Vegan" is actually the abbreviation of Veg-itari-an. "Go Vegetarian" is their motto.

On January 25, the Indian Vegan Society in our city arranged an awesome musical evening in our school with the support of a lot of people.

The Vegan musicians gave their best performance. The evening started off with Carnatic music by Kaushik Sundaram of Nagpur; a Hindustani vocal by Dr. Krishnamrthi Bhat and the students of Sri Krishna Music Academy, Honnavar.

A film was screened exclusively for students which showed that animals are exploited for our food, clothing and footwear.

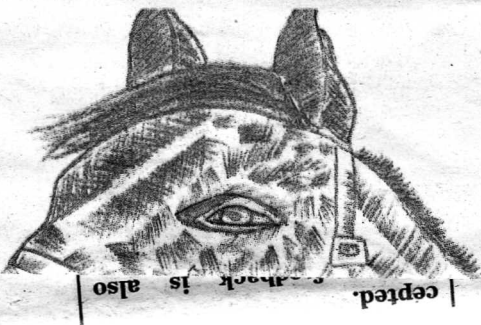

Wild animals are becoming extinct in turn causing permanent damage to the environment. The Vegans believe both egg and milk to be non-vegetarian. Instead they use Soya milk. There was an interactive session at the end of the programme.

Vegan Shankar Narayan answered the questions and the programme culminated with a pure vegetarian dinner for all.
